# Online Specs (Cont.)

## In-banner video/audio requirements

- All sound must be user initiated
- Video/Audio must have fill controls including pause and mute capabilities

## Rich media ad requirements

- All rich media must be 3rd-party served (includes expanding and video ads)
- Lead Time: 3 business days prior to testing
- Sound: All sound must be user initiated
- Expansion: must be user initiated and close on mouse-off
- Language/Call-to-action on all ads (ex. roll over to learn more)

## Accepted Ad Network

- Synergy-e via DoubleClick and unitus
- AdmaxNetwork
- Digithais: isobar
- Google Ad Planner

## Third Party Served Ads

In instances where third party ads rotate multiple creative through one line of code, gotomanager.com must approve each creative two (2) business days prior to implementation to ensure it conforms to site standards.

When receiving third party ads, we must have the username/password to view report on third party metrics (along with our own) to ensure we are within an acceptable discrepancy range. If IO states to bill of third-party numbers, username and password is mandatory. Gotomanager.com reserves the right to pull third party served ads that are not rendering or rendering slowly.

## Ad Formats/Creative Types

- No deceptive creative tactics. These include ads simulating computer system warning dialog boxes that lead the viewer to believe their computer, our server or the system in experiencing technical difficulties or that they need to click on the box (ad) to eliminate the message from their screen.
- If third party served, Flash creative must sniff for the plug-in, and if not present, serve a gif
- Ads must not modify any elements of a user's browser or computer settings
- Ads must not resemble gotomanager.com editorial content (exact or close replica). Ads must not include references to gotomanager.com unless part of previously arranged co-promotions.

## General Guidelines

- All ad units must launch a new browser window when clicked on
- Ads do not have a "looping" limit
- Ads are served via Javascript Ad calls, not iframes.
- Audio must be user initiated with a clearly recognizable on/off button
- All expanding ad units must be user initiated
- All floating ad units must have a clearly recognizable close button
- All sound must be initiated by a user click. Once clicked, sound may start. Advertisement must have an always present, clearly labeled on/off button.
- All rich media ads must have an alternate GIF versions of creative
- Gotomanager.com reserves the right to terminate a campaign at any indication that it is not being properly served.
- All ads are served via Java Script tags.
